Address: 6 Xiaocheng Road, Xinzhan District, Hefei City, Anhui Province, China 230012

June 2020

Every Move We Make Is for
Changing the World

Anysort Cloud Technology
Leads the Future

Awards of Cloud Intelligence

- The National Quality Supplier of Nuts Enterprises Equipment 2019
- Top 10 Agricultural Machinery Manufacturing Enterprises of China 2018
- Leader of Agricultural Machinery Manufacturing Enterprises of China 2018
- "Small Giant Enterprise" 2019 issued by the National Ministry of Industry and Information Technology of China
- Provincial post-doctoral research station is established in 2018
- Recognized as Intelligent Industrial Upgrading Projects issued by MIIT of China in 2018
- Influential Enterprise of Grain Machine of China 2018
- Top 10 Agricultural Machinery Manufacturing Enterprises of China 2017
- Top 10 Agricultural Machinery Manufacturing Enterprises of China 2016
- Award of Quality of Anhui Province 2017
- Approved to be the National Enterprise Technology Center in 2016
- Anhui Provincial Industrial Quality Award 2016
- Anhui Famous Brand Product Award 2015

Leadership is the duty and the responsibility

Leadership is a commitment and the dedication

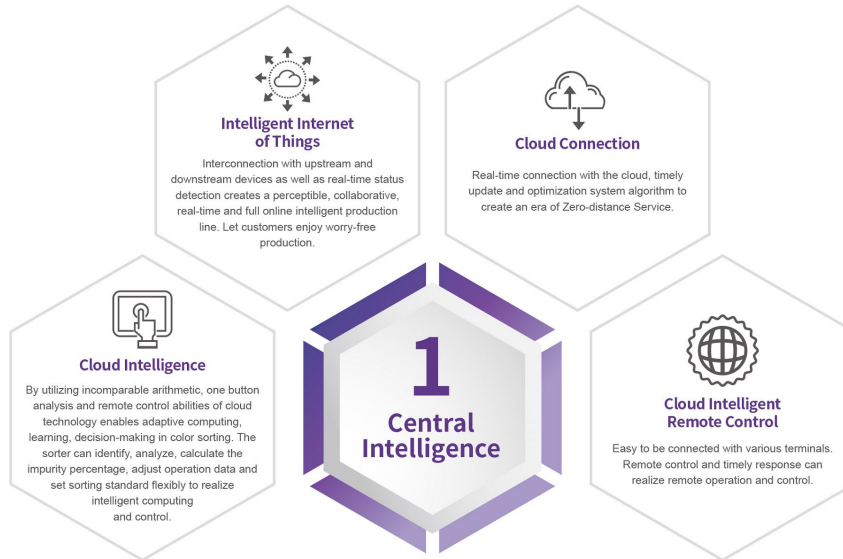

Let the whole world enjoy the highest quality food

Anysort Intelligent Cloud Sorting——

Lights up the horizon and leads the future with innovation

01 Cloud Vision

3D Intelligent Quality Sorting, Multi-Dimension Revolution.
Enjoy the Pure Vision. Cloud Intelligence Leads the Future

02 Cloud Quality Sorting

Every greatness comes from a brave start. Every innovation comes from the breaking through. Every transcendence comes from a brave exploration.

Intelligent Perception Leads the Future

High-dimensional material fingerprint perception technology, Zero-Damage Protection System, high-definition image acquisition and location analysis of buds technology, cooperating with cloud brain intelligence integration algorithm, can perfectly realize the trinity of color sorting, shape sorting and impurity recognition. Intelligent perception and quality sorting cloud Technology leads the future.

One-time sorting to eject impurities, frozen, mold peanuts and peanuts with buds
Zero-damage and High productivity redefines the new generation of Cloud Quality Sorting

Model and Specification

| Model | Throughput(t/h) | Power(kw) | Power Supply | Dimension L*W*H(mm) | Weight(kg) |
|--------|-----------------|-----------|--------------|---------------------|------------|
| TK384 | 2.0-12.0 | 4.50 | 380V/50HZ | 3600*2680*2450 | 2950 |
| TK256 | 2.0-10.0 | 3.23 | 380V/50HZ | 3600*2040*2450 | 2130 |
| TK128 | 1.0-5.0 | 2.15 | 380V/50HZ | 3600*1400*2450 | 1120 |
| TK384R | 2.0-12.0 | 4.50 | 380V/50HZ | 3600*2680*2450 | 2950 |
| TK256R | 2.0-10.0 | 3.23 | 380V/50HZ | 3600*2040*2450 | 2130 |
| TK128R | 1.0-5.0 | 2.15 | 380V/50HZ | 3600*1400*2450 | 1120 |

Quality sorting cases

For Raw Peanuts

Peanut products

• There are a variety of impurities in different forms, some cases are not listed above. For further more details, please contact with our local sales manager or delegation.

03 Cloud World

Science and technology creates infinite wonderful life and new vision Technology makes more possibilities.
Break through the limitation, which is determined by your mind. Each step we take is to lead the future of the world.

Hawk-Eye Dimensional Upgrading Brings a Pure Vision

The bionic Hawk-Eye four-color recognition technology and intelligent shape sorting technology brings the excellent ability of color recognition and bionic identification. Our color sorter can easily sort peanuts with different shapes and identify tiny difference of color and shape of peanuts.

Quality sorting cases

• There are a variety of impurities in different forms, some cases are not listed above. For further more details, please contact with our local sales manager or delegation.

Model and Specification

| Model | Throughput(t/h) | Power(kw) | Power Supply | Dimension L*W*H(mm) | Weight(kg) |
|--------|-----------------|-----------|--------------|---------------------|------------|
| TK256G | 2.0-10.0 | 4.50 | 380V/50HZ | 3600*2040*2450 | 2130 |

04 Cloud Technology Spreads Over the Whole World

Let the whole world enjoy the highest quality food. Our original intention will never be changed.
